-------------------------------	----------

KODIAK VEHICLE STABILIZATION KIT

- This tension buttress vehicle stabilization system is rugged and reliable. The Kodiak operates under the worst conditions. Mud, dirt, and water will not effect operations. Multi-use head (end attachment) does the job every time.

Includes:
Two Struts 27" to 42"
Two 15" Extensions
Two 30" Extensions
Two Ratchet Straps with C-Hook
Two End Attachments
One Carry/Storage bag

#KODIAK-KIT:	\$1,595.00
--------------	------------

"QUIK KUT" HEAVY DUTY AIR HAMMER KIT

- The Quik Kut Air Hammer is designed for Quick and Powerful impact to cut through heavy-gauges of metal for rapid rescue operations. The Air Gun is produced from aircraft aluminum and tool steel, the Quik-Kut is activated by a safe, variable speed trigger for easy control.

The trigger releases the air supply driving the piston 4 inches forward against the tool bit for powerful impact, and the air returns the piston for quick cutting. (approximately 2200 blows per minute). The longer piston stroke and higher air pressure give the rescuer enough power to cut concrete and even 1/4 inch plate steel. Regulator works with both 2200 and 4500 psi air bottles

Includes:
Two Struts 27" to 42"
Two 15" Extensions
Two 30" Extensions
Two Ratchet Straps with C-Hook
Two End Attachments
One Carry/Storage bag

#ART89501, "QUIK KUT" KIT:	\$1,595.00

HANGAIR DRYING HANGER

- The HangAir will dry your turnout gear in hours. This gives you the opportunity of several uses of a dry suit throughout the day. The secret is a high-powered waterproof fan which pushes 120 cubic feet of dry air per minute through your suit as it hangs on a wide shoulder hanger. An added benefit is that the quick drying process retards the development of bad odors. The HangAir is molded from an incredibly tough plastic resin and the steel hook which will support up to 100 pounds. Safe, low voltage power is supplied to the hanger fan through a 15-foot cord attached to a universal power 100-240 VAC wall adapter. When not in use, the cord can be stowed underneath the wing of the HangAir. 15-foot power cord, Low-voltage 12v fan, 120 CFM high-power fan, Tough, non-corroding resin and steel construction.

HANGAIR:	\$35.00
----------	---------

DRYGUY GEAR TREE

- Dries your boots, pants, jacket, gloves, & helmet simultaneously
- The ultra powerful high volume, whisper quiet rotary blower provides a blast of heated or non-heated air for super fast drying
- Dries in approximately three hrs
- Controls: On/Off/3-HR Timer

GT:	\$230.00

BULLARD TRACKLITE PXTL FIRE HELMETS

- Bullard TrakLite™ integrated helmet lighting system blends engineering, functionality and safety to help firefighters see forward in dark or smoky conditions.
- Featuring eight bright white LEDs protected behind a heat-resistant glass, TrakLite provides a readily-available source of light in most any situation. In addition to the eight forward-facing LEDs mounted to the front of the helmet, TrakLite offers a bright blue "buddy indicator" light on the rear of the helmet enabling a highly increased ability to track the wearer in low visibility situations.
- TrakLite works exclusively with Bullard helmets, and all available configurations of the helmets and TrakLite meet NFPA 1971, 2007 requirements.
- Additionally, TrakLite is completely waterproof.
- Easily operable with a gloved hand, the single rotary switch powers both the front LEDs and the rear buddy indicator light. Powered by four AAA batteries, TrakLite is energy efficient, with a runtime of at least six continuous hours at a minimum brightness level of 50%.
- TrakLite can be used with or without a leather front attached.
- All leather fronts are purchased separately.
- Available in Yellow, Black, Red, White, or Blue

PXTL Fire Helmet with Tracklite and 4" Faceshield:	\$240.00
----------------------------------------------------	----------

\$240

BULLARD TRACKLITE USTMTL FIRE HELMETS

- Bullard TrakLite™ integrated helmet lighting system blends engineering, functionality and safety to help firefighters see forward in dark or smoky conditions.
- Featuring eight bright white LEDs protected behind a heat-resistant glass, TrakLite provides a readily-available source of light in most any situation. In addition to the eight forward-facing LEDs mounted to the front of the helmet, TrakLite offers a bright blue "buddy indicator" light on the rear of the helmet enabling a highly increased ability to track the wearer in low visibility situations.
- TrakLite works exclusively with Bullard helmets, and all available configurations of the helmets and TrakLite meet NFPA 1971, 2007 requirements.
- Additionally, TrakLite is completely waterproof.
- Easily operable with a gloved hand, the single rotary switch powers both the front LEDs and the rear buddy indicator light. Powered by four AAA batteries, TrakLite is energy efficient, with a runtime of at least six continuous hours at a minimum brightness level of 50%.
- TrakLite can be used with or without a leather front attached.
- Note that integrating TrakLite onto a Bullard USTM6 helmet requires a 5-inch leather front. All leather fronts are purchased separately.
- Available in Yellow, Black, Red, White, or Blue

STREAMLIGHT LED VULCAN

The brightest rechargeable LED lantern in its class! It's brighter, lighter and smarter. The life-saving taillights are just part of what makes the rechargeable Fire Vulcan LED such a critical firefighting tool. New C4 LED technology and our special reflector make it 5 times brighter than competing lights. It's lighter too, about 45% lighter than the halogen Fire Vulcan®.

- Up to 80,000 candlepower
- Ultra bright blue taillights
- Fits existing Streamlight Vulcan Chargers
- Standard system includes AC and DC Chargers

44450, Standard System with AC/DC Chargers:	\$150.00
44411, Light Only:	\$82.50

FIREBOX

- High-intensity halogen bi-pin bulb 8 watt spot with 100 hour life time and (2) two ultra bright blue LEDs
- Up to 80,000 Peak Candlepower utilizing 8 watt spot bi-pin bulb
- Programmable in multiple modes of operation including "Steady" or "Blinking" modes for the LED or halogen bulb
- High-visibility orange, Weighs 7.4 lbs.
- Standard System includes 120V AC and 12V DC chargers with shoulder strap and mounting rack
- Vehicle System includes truck mountable 12V DC direct wire mounting rack and shoulder strap

45300, Firebox Light Only:	\$100.00
45301, Firebox Standard System:	\$120.00

#3330 PM6 LED FLASHLIGHT

The PM6 3330 LED Flashlight is made of light weight Xenoy polymer that's corrosion proof, resistant to extreme temperatures, and extremely strong. It uses a 1 watt LED and is powered by 2 CR123 lithium cells (included). A black oxide coated steel clip is built in and the one-handed tail switch activates the 3330 on, for constant light or momentary blink. #3350 includes light and universal helmet mounting bracket.

#3330, LED PM6 LED Flashlight:	\$30.00
#3350, LED PM6 Helmet Lighting System:	\$40.00

#7060 LAPD PELICAN LED FLASHLIGHT

In a rare collaboration between public and private sectors, the City of Los Angeles Police Department™ (LAPD) has partnered with Pelican Products to develop the Pelican 7060 LED as the standard issue tactical/patrol flashlight for all its officers.

The Pelican 7060 LED light employs new dual switch technology that allows the light to be activated by either a body-mounted patrol switch or a tail-mounted tactical switch. The dual switches, which include a momentary mode, allows the user to grip the light in several positions and still control activation. The light incorporates rechargeable Lithium-Ion batteries for maximum brightness and are also light weight compared to standard batteries.

- Length: 8.65", Weight: 8.2 oz., Color: Black
- Lithium-Ion battery pack included.
- Tested Lumens: 130
- Battery burn time: 1.5 hrs.
- Includes charging dock with 110v AC cord

#7060, LAPD Flashlight with 110V Charger:	\$115.00
#7069, Replacement battery pack:	\$40.00

#9450 PELICAN REMOTE AREA LIGHTING SYSTEM

The 9450 Remote Area Lighting System combines our tough 1510 Carry On Case with 16 x 1 watt LEDs mounted in an aluminum heat sink. All items are stored inside the case and assemble in minutes. The aluminum pole extends to a height of 83" to provide 1280 lumens of light for any area. The rechargeable battery has 9 hours of life at maximum output tailing off to low light level at hour 17.

#9450, Remote Area Lighting System:	\$850.00
-------------------------------------	----------

NEW!

#9460 PELICAN REMOTE AREA LIGHTING SYSTEM

Using solid-state mounted LED's coupled with a thermally efficient light engine and our 1510 Pelican Protector™ Case, the RALS 9460 gives the user the ultimate maintenance free portable floodlight station to get the job done efficiently, safely and on time. The RALS 9460 houses two of it's light heads and it's multi-stage charger for that total self contained convenience, it is also equipped with a telescopic handle and rugged wheels for ease of transport.

Comes with convenient low battery warning system and waterproof activation switch.

- Two LED Lamp heads
- Blinks intermittently for low battery
- Polycarbonate Lens is light weight and impact resistant
- Maintenance Free LED Array /life expectancy of 50,000 hrs.
- Fully extendable mast with 360 degree rotating head
- Waterproof Rubber Activation Switch
- Mast Extension Lock
- Built Pelican Tough
- Unconditional Lifetime Guarantee
- 70.87" Mast Height Extended
- Closed size: 22" x 14" x 9"
- Weight: 50.71 lbs.
- Lumens: 4000 High, 2000 Low
- 12v sealed rechargeable battery
- Up to 14 hrs. of burn time
- Includes plug-in wall charger

MSA ALTAIR PRO SINGLE GAS DETECTORS

The Altair Pro single gas detector from MSA measures and displays concentrations of CO, H₂S or O₂. This accurate, rugged and reliable detector can be used for gas monitoring or to alert the wearer of hazardous situations. The Altair Pro single gas detector uses replaceable sensors and commercially available batteries and features a large display with back light. The standard data logging records the 50 most recent events as well as recording the peak gas reading every 3 minutes. The data can be transferred to a computer via the MSA FiveStar® Link through IR communication. Rubberized tough housing helping to provide impact resistance. Features one-button operation, bump check and calibration, Triple alarm system: 95 dB audible, visual and vibrating alarms, Rated to IP67 protection levels for dust/water ingress.

Altair Pro Single Gas Detector, CO: 10076718:	\$325.00
Altair Pro Single Gas Detector, O ₂ : 10074137:	\$325.00
Altair Pro Single Gas Detector, H ₂ S: 10070749:	\$325.00

MSA ALTAIR DISPOSABLE SINGLE GAS DETECTORS

The ALTAIR Single-Gas Detector featuring sensor options for carbon monoxide, hydrogen sulfide and oxygen will operate for over two years. This long lifespan, coupled with the unit's high performance, results in one of the most cost-effective monitors on the market. The triple-alarm system featuring two bright LEDs, a piercing audible alarm, and a vibrating alarm ensures that no alarm condition goes unnoticed.

Altair Single Gas Detector, CO: 10070750:	\$195.00
Altair Single Gas Detector, O ₂ : 10070791:	\$195.00
Altair Single Gas Detector, H ₂ S: 10070749:	\$195.00
Optional Cell Phone Style Clip, 10041105:	\$15.00
Optional Lanyard, 10041107:	\$25.00

ORION MULTIGAS DETECTORS

A low-cost, four-gas portable detector for monitoring oxygen, CO, H₂S and combustible gas. Features one button calibration, long life battery, built-in pump, large display, durable sensors, 10ft line, 1ft probe, orange codura case. The Deluxe model includes the same as above, plus datalogging and a calibration kit.

Orion Four Gas Industrial Model, #10025931:	\$1,450.00
Orion Four Gas Deluxe Model with Datalogging, #10030399:	\$2,295.00

MSA PULSAR+ SINGLE GAS DETECTORS

The Pulsar Plus detects CO, H₂S or O₂, and is ideal for use in confined space monitoring and for a variety of industrial applications. The durable design and simplified operation provide dependable monitoring in even the harshest environments. This unit features a large gas concentration display that is easy to read, even in low-light conditions, a replaceable sensor and battery, simplified autocalibration at the push of a button. The triple alarm system features piercing audio, quadruple ultra-bright visual and optional vibrating alarms. Strong, versatile clip designs keep the unit attached during the roughest use.

Pulsar+ Single Gas Detector, CO, without Vibrating Alarm: 10036171:	\$375.00
Pulsar+ Single Gas Detector, CO, with Vibrating Alarm: 10036174:	\$395.00
Pulsar+ Single Gas Detector, H ₂ S, without Vibrating Alarm: 10036172:	\$375.00
Pulsar+ Single Gas Detector, H ₂ S, with Vibrating Alarm: 10036175:	\$395.00
Pulsar+ Single Gas Detector, O ₂ , without Vibrating Alarm: 10036170:	\$375.00
Pulsar+ Single Gas Detector, O ₂ , with Vibrating Alarm: 10036173:	\$395.00

MSA SOLARIS MULTIGAS DETECTORS

The Solaris Multigas Detector is an economical, 4-gas instrument providing simultaneous detection of CO, O₂, H₂S and combustible gas. It weighs less than 8 ounces, and has an IP 6/5 rating against liquid and dust ingress. The Solaris Multigas Detector is powered with a rechargeable lithium ion battery that offers 14+ hours of continuous run time and fully recharges in less than 4 hours. Calibration is intuitive and is accomplished with the push of a single button. This auto calibration feature greatly simplifies calibration and reduces training needs. Other features include a world-class alarm system, an optional sampling pump and a 2-year all-inclusive warranty.

Solaris 4-Gas Detector Standard Kit: 10048147: • Includes Detector with Datalogging	\$795.00
Solaris 4-Gas Detector Industrial Kit: 10071188: • Includes Detector with Datalogging and Econo Cal Kit	\$995.00
Solaris 4-Gas Detector Deluxe Kit: 10049297: Includes Detector with Datalogging, Econo Cal Kit and Sampling Pump	\$1,325.00

TOXIPRO SINGLE GAS DETECTOR

A fully serviceable, reusable gas detector with real-time Peak, STEL and TWA Readings, as well as a black box data recorder. A full-featured datalogger is available as an upgrade for the Toxi Pro. Features one-button calibration. To make routine maintenance even easier, the ToxiPro can be used with the IQ Express Docking Station - an automatic bump test and calibration station with built-in recordkeeping.

54-45-90/O ₂ - Oxygen	\$225.00
54-45-01/CO - CARBON MONOXIDE	\$225.00
54-45-02/H ₂ S - HYDROGEN SULFIDE	\$225.00

TOXILTD DISPOSABLE SINGLE GAS MONITOR

A low cost, full-featured, disposable single gas monitor with an operating life of two full years. The ToxiLtd is available for the detection of your choice of O₂, CO, H₂S or SO₂. Despite its low price and ease of use, the ToxiLtd is a sophisticated gas detector that is rated to IPX5/IPX7 against water ingress and even includes an event logger as standard equipment.

54-44-90/OXYGEN	\$195.00
54-44-01/CARBON MONOXIDE	\$195.00
54-44-02/HYDROGEN SULFIDE	\$195.00
54-44-03/SULPHUR DIOXIDE	\$250.00

TOXI3LTD DISPOSABLE SINGLE GAS MONITOR

A low cost, full-featured, disposable single gas monitor with an operating life of three full years. The Toxi3Ltd is available for the detection of your choice of CO or H₂S. Despite its low price and ease of use, the Toxi3Ltd is a sophisticated gas detector that is rated to IP65/IP67 against water ingress and even includes an event logger as standard equipment.

54-52-01/CARBON MONOXIDE	\$215.00
54-52-02/HYDROGEN SULFIDE	\$215.00

MULTIPRO, 3 OR 4 CHANNEL GAS DETECTOR

Constructed of an engineered polycarbonate with a rubber overmold, MultiPro goes where you go, and back. Interchangeable Alkaline (3 AA) and Li-Ion battery packs, an optional sample draw pump, and a range of accessories make MultiPro the most versatile and most affordable gas detector on the market today. Optional Sample draw kit: Includes adapter, squeeze bulb, 10' of tubing and sample probe assembly.

54-48-301/LEL, O ₂ , CO or H ₂ S	\$495.00

PHD6 MULTI GAS DETECTOR

The Biosystems PHD6 is a state of the art multi-gas detector from Sperian Instrumentation. Sperian built the PHD6 to be reliable and sophisticated while maintaining the ease of use that you've come to expect from us. Day-to-day detector operations are controlled entirely through the mode button. A status bar on the display with easy-to-recognize icons gives the user immediate access to everything from time to calibration status. Built-in and easy-to-navigate menus give advanced users the ability to configure the detector in the field. Power comes from interchangeable alkaline or Li-Ion rechargeable battery packs with run times as long as 24 hours. Confined space kit includes battery charger, demand flow regulator, cal gas, sampling pump, vibrating alarm and hard case.

54-53-A10145280NCY, PHD6 Confined Space Kit: [O ₂ /HCN/DUOTOX/PID/LEL]	\$2,750.00
54-53-A10145280NY, PHD6, Detector Only, [O ₂ /HCN/DUOTOX/PID/LEL]	\$1,650.00
54-54-103-12: 12v Vehicle Charger:	\$150.00

SILVEX-PLUS CLASS A FOAM:

- Sold in 5-gallon pails
- Shipping weight: 45#

SILVEX	\$70.00
--------	---------

F-500

- Sold in 5-gallon pails, shipping weight 45#
- Is nontoxic, non-corrosive, fully biodegradable
- Is an effective firefighting agent for Class A and Class B fires
- Has no blanket to break as with foam
- Can be used through existing equipment via proportioning, eduction, or can be pre-mixed and delivered through a standard fire hose
- Can be pre-mixed and applied using a 2.5-gallon pressurized water extinguisher
- Significantly reduces heat and interrupts the free radical chain reaction
- For flammable material spills, where an ignition source could lead to fire if the fuel is not neutralized
- F-500 is a superior spill control agent.
- Call us for pricing at 1-877-699-3473.

TFT PRO/PAK FOAM SYSTEM

- Attaches to your 1" fire hose
- Works on pressures as low as 50 PSI
- High impact 2.5 Gallon foam reservoir with Built-in eductor set to a ratio of your choice
- Large easy to open fill port
- Designed for Class A 3% or 6% AFFF & AR foams

UM12	\$950.00
------	----------

VESTANK 8-GALLON VEST TANK

- Designed for fighting brush fires
- 8-gallon capacity
- Made of durable nylon, light and flexible
- Includes adjustable spray and fixed stream nozzles
- High volume pump directs stream of water more than 35 ft.

VT100: Vestank:	\$375.00
-----------------	----------

ANSUL 1% - 3% AND 3% - 6% FOAM

- Sold in 5-gallon pails, shipping weight: 45#

Ansul 1% x 3% Foam Pail:	\$115.00
Ansul 3% x 6% Foam Pail:	\$85.00
Ansul 3% x 3% AFFF AR Foam Pail:	\$100.00

INLINE FOAM EDUCTOR

- Brass construction
- Check ball to prevent backflow
- Metering valve with 5 settings: 0 (shutoff) 1-3-6%
- Detachable metering device for quick and easy cleaning
- Rated to flow at 200 PSI
- 95 GPM

ILE095: 1.5" Inlet x 1.5" Outlet	\$395.00
241-125: 2.5" Inlet x 1.5" Outlet	\$575.00

SCOTTY PORTABLE BACKPACK FOAM SYSTEM: #4030BP

- Every fire hose line becomes a foam line
- Includes: Back pack, foam pickup hose with foam control quick connector, air aspirating nozzle with matching foam inductor, fixed and swivel connectors, D-handle ball shut-off for versatility and flexibility.

50 GPM:	\$305.00
70 GPM:	\$305.00
95 GPM:	\$305.00

SCOTTY "AROUND THE PUMP" FOAM EDUCTOR/MIXER

The 4071 Foam Eductor/Mixer is a simple unit to educt foam concentrate into hose lines. It is Mounted between the discharge and suction side of a pump. For use on portable forestry pumps or fitted permanently to skid units, the 4071 is a simple and effective way for fire departments to add a foam capability to their equipment. The unit is adjustable, permitting various foam percentages to be inducted depending on the nozzles being used. Includes the eductor, pressure hose and pick-up hose.

4071-KIT:	\$350.00
-----------	----------

SCOTTY FORESTRY WATER OR FOAM PUMP AND BACK PACK

- Choose the water or foam pump and back pack
- Both have a 5-gallon back pack capacity
- Both have a 4" filling port with removable screen
- Both have 2" wide shoulder straps with 3" wide shoulder pads
- 4000F-BP: Single action pump with a foam educting attachment and air aspirating nozzle
- 4000F-BP: Each time the pump is charged, 1% of foam concentrate is educted into the water

4000-BP: Water Pump & Back Pack:	\$115.00
4000F-BP: Foam Pump & Back Pack:	\$160.00

ROLL AND FOAM 14 GALLON SYSTEM

The system consists of a wheeled supply tank with a 14 gallon capacity, a 50-foot length of flat rack hose, a 30gpm Scotty Foam Eductor factory set for either 1% for Class A foam (4045A-30) or 3% for Class B foam (4045B-30), a matching Air Aspirating Foam Nozzle and a D-Handle, Pistol Grip Shut-Off with swivel connector. The eductor is designed for a nominal operating pressure of between 50 and 100psi. The supply tank must be filled with foam concentrate prior to deployment. The threads on the swivel connector for the Eductor are standard, 1.5", NPSH thread type. A 4084AC Thread Adaptor is included with each unit for use with 1.5" NHT(or NST) threads.

The eductor, pistol grip shut-off and base of the nozzle are made from glass-reinforced engineering grade nylon, making it extremely durable and resistant to corrosion. The barrel of the nozzle is made from high-impact ABS polymer.

Unit Weight: 22 LBS (Empty)

Unit Dimensions: 34" x 19" x 15.5"

#4045-30A, Roll and Foam Unit:	\$495.00

K12FD SAW

The K12FD saw was designed to satisfy every demand made by the Fire Service for a multi-purpose rescue saw. Power, light weight, perfect ergonomics in a compact package, combined with the latest technological advances, including a decompression valve that reduces starter "pull force" by 50% result in a saw that is safe and easy to carry, start and use by both male and female emergency service personnel.

K12FD: Saw Only:	\$1,175.00
ABRASIVE BLADE: Steel and Concrete Universal Blade, #T1410:	\$20.00
PIRAYA: Diamond Universal "cuts all materials" blade, #PIRA-14FD	\$215.00
LIGHTNING: Cuts anything except wood, #TLDB14:	\$230.00
DYNABLADE: Carbide blade for wood and ventilation, #DYNA-14:	\$275.00
TORNADO: Diamond blade for steel, aluminum & concrete, #TD14SC:	\$275.00
TIGER TOOTH: 14" Universal "cuts all materials" blade, #164584	\$180.00

K12FD-KIT:

- Includes:
- K-12 FD 14" fire rescue saw
 - Full size steel case
 - Fire-department carbide tipped blade
 - Two rescue abrasice wheels
 - Safety gas can
 - Hearing protectors
 - Goggles
 - Spare belt and air ilter
 - Air filter oil
 - 2-cycle engine oil
 - Can of gasoline stabilizer
 - Combination screwdriver/wrench
 - Instruction manual

K12FD-KIT: Saw with Kit:	\$1,650.00

SUPERVAC FIRE RESCUE SAW

- The perfect solution for your rescue saw needs
- Comes complete with a full safety depth gauge, a carbide chisel chain, and a powerful Shindaiwa 757 engine.

SV3-16: 16" Rescue Saw:	\$1,775.00
SV3-20: 20" Rescue Saw:	\$1,800.00

VENTMASTER FIRE RESCUE SAW

- Pound for pound, the most powerful & dependable saw
- Raptor Multi-Cut Carbide Chain cuts through wood framing, asphalt shingles, metal roofs, doors & even trees.
- Patented KIS-40 Adjustable Depth Gauge System precisely controls the depth of cut, reduces user fatigue and protects the operator.

TV400-051: 16" Ventmaster Saw:	\$1,700.00
TV400-050 20" Ventmaster Saw:	\$1,795.00

TEMPEST SHADOW SMOKE MACHINE

- The Tempest Shadow is the perfect starter unit for training
- built-in smoke fluid holder and standard remote included

710-032: Shadow Smoke Machine:	\$650.00
710-027: One-Liter Container of Smoke Fluid:	\$25.00

TEMPEST "SHADOW ONE" SMOKE MACHINE

- The Shadow 1 has been the most popular smoke machine for years due to its compact size and high smoke output. It has been completely redesigned, featuring a new heat exchanger, larger fluid port, and a built-in "Super Remote." The new Shadow 1 gives you more smoke, longer operating times, and more training options. Multiple units can even be "daisy-chained" for training in multiple rooms simultaneously.

710-028: Shadow Smoke Machine:	\$1,295.00
710-031: Four-Liter Container of Smoke Fluid:	\$85.00

CLASSIC DISPOSABLE SMOKE GENERATORS

- Inexpensive choice for creating huge volumes of white smoke
- Highly effective means of producing a realistic disaster scene
- 1A: 4000 cubic feet of smoke in 30 seconds
- 2B: 8000 cubic feet of smoke in 60 seconds
- 3C: 40,000 cubic feet of smoke, burns 2-3 minutes
- W3C: Same as the 3C, but double wicked with quick clips
- All of the above smoke sticks are sold in a case of 12 units

1A:	\$35.00
2B:	\$50.00
3C:	\$70.00
W3C:	\$70.00

BATTLE FOGGER

- Huge, continuous fog output from a re-engineerd heat exchanger. An extremely effective fog machine incorporates a large heating block, a powerful whisper-quiet pump, and Rapid Change Technology. A one-year warranty on all parts and service, a lifetime warranty on the heat exchanger. A large one-gallon integrated fluid tank prevent leaks and drips, a special hammer-tone finish resists scratches and wear, and a built-in handle balances off a sleek, rugged chassis. Comes standard with a 25ft. deluxe remote, an onboard microprocessor, and a spare replacement Rapid Change Rebuild Kit, all for much less than any other machine in its class.

BF: BATTLE FOGGER:	\$1,085.00
TELE-MAX: 4 x One Gallon Jugs of Fluid	\$125.00

TURNOUT GEAR PPE WASH

This wash solution has been carefully developed to ensure the safe cleaning of all fire-fighting turnout gear and other PPE. It has been successfully tested on the outer shell, moisture barrier and thermal inner fabrics. Chief's Choice™ Turnout Gear Wash meets the recommendations set forth by NFPA 1851, 2008 edition, related to detergents used for the cleaning of turnout gear. Strong enough for cleaning heavily soiled turnout gear yet gentle enough for everyday laundry washing needs.

- pH below 10.5, Biodegradable and environmentally safe
- Non-corrosive to metal snaps, clasps or zippers
- Concentrated formula, leaves no residue
- For machine or hand washing

# CC9531101: One Gallon of Turnout Cleaner:	\$29.50
# CC9532401: Four Gallon Case of Turnout Cleaner	\$114.50
#CC9533005: Five Gallon Pail	\$129.50

VEHICLE WASH

This product is designed to make washing fire, rescue and EMS vehicles fast & easy. Sheeting action reduces the need for hand drying and leaves an outstanding shine. Apply foam directly on the vehicle with our hose-end foamer, brush and rinse. Can also be used as a manual wash or in any pressure washing system.

- Biodegradable and environmentally safe
- pH neutral formula, safe for fine finishes
- Dries 95% spot free without towel drying
- Reduces streaking, works well with hard water
- Safe for all vehicle surfaces

#CVCK4 Kit, Includes:
- 5 Gallon Pail Vehicle Wash, Hose End Foamer and Telescoping Brush (3-6ft)

#CVCK5 Kit, Includes:
- 5 Gallon Pail Vehicle Wash, Hose End Foamer, Telescoping Brush (3-6ft), 32oz Glass Cleaner, 32oz Spray Cleaner/Degreaser, 32oz Tire Finish, 32oz Detailer, Micro Fiber Towels (12pk)

# CC9412005: One Five Gallon Pail of Vehicle Wash:	\$70.00
# CVCK4: Vehicle Wash Kit:	\$160.00
#CVCK5: Vehicle Wash Deluxe Kit:	\$205.00

WASH AND WAX

Chief's Choice® Wash and Wax provides excellent cleaning properties while leaving a deep shine as well as surface protection for fire, rescue and EMS vehicles. Apply foam directly on the vehicle with our hose-end foamer, brush, rinse and towel dry. Can also be used as a manual wash or in any pressure washing system.

- Biodegradable and environmentally safe
- Highly concentrated formula with Carnauba Wax
- Safe for all vehicle surfaces
- Pleasant smell
- Safe on plastic lenses and light-bars

# CC9421401: Case of 4 x 1 Gallon Pails:	\$75.00
# CC9422006: Five Gallon Pail:	\$80.00

GLASS CLEANER

This ammonia free glass cleaner provides a streak free shine with no fogging. Spray away soil, smears and smudges on glass, mirrors, appliances and office equipment.

# CC9470432: Case of 4 x 32 oz. bottles	\$16.00
-----------------------------------------	---------

EXTERIOR DETAILER

A quick and easy way to restore the "showroom shine" to all fire, rescue and EMS apparatus. Carnauba wax added to the formulation provides extra protection against the harsh environment fire and rescue vehicles are exposed to. Simply spray the product on, wipe off with a soft cloth for a deep, rich shine!

# CC9440432: Case of 4 x 32 oz. bottles	\$28.00
-----------------------------------------	---------

TIRE FINISH

A premium product designed to make any rubber or vinyl surface look "new"...not "wet". This formula can be used for tires, dashboards, vinyl pump panels etc...and will not attract dust and dirt. This product leaves a clean, matte finish and will not cause a glare when used as an interior protectant.

# CC9490432: Case of 4 x 32 oz. bottles	\$32.00
-----------------------------------------	---------

DIAMONDPLATE ALUMINUM AND METAL CLEANER

This cleaner is designed to make metal surface cleaning a simple and quick process. Simply foam on the product, brush and rinse. Available with the one gallon jug only, or the kit.

- Excellent for diamond plate and wheels.
- Removes Oxidation without attacking polished surfaces.
- Safe on decals and painted surfaces.

Kit #1 includes: 48 oz. Pump up Foamer, One Gallon of Cleaner, and the application brush.
Kit #2 includes the same as above, but with 4 gallons of cleaner.

# CC9431401: 4 x One Gallon Jugs of Diamondplate Cleaner	\$75.00
#CDPK1: Diamondplate Cleaner Kit with One Gallon:	\$49.75
#CDPK2: Diamondplate Cleaner Kit with 4-Gallons:	\$99.50

11 HP HONDA PORTABLE PUMP

- Choose manual or electric with recoil backup
- Honda 11hp at 3600 RPM, air cooled engine
- Single cylinder gasoline engine
- 6 quarts integrated fuel tank
- Direct drive single stage centrifugal pump
- Pump body made from resistant aluminum alloy
- Bronze impeller, Mechanical shaft seal
- Exhaust priming system, guaranteed up to 20' lift
- One 2.5" delivery outlet with 1/4-turn ball valve
- One 2.5" suction inlet
- Dimensions: 23.25" L x 22-3/8" W x 23-5/8" H
- Weight: 125 lbs.
- Swivel spotlight
- 36 watts alternator
- Pressure gauge
- Low oil alert, 12 volt battery

Flow: 265 GPM @ 10 PSI, 225 GPM @ 25 PSI, 160 GPM @ 50 PSI, 115 GPM @ 75 PSI, 70 GPM @ 100 PSI

20 HP KOEHLER OR 18 HP HONDA PORTABLE PUMP

- 20hp Kohler or 18hp Honda, air cooled engine, V-Twin cylinder gasoline engine.
- Electric start with recoil start as backup, 6 gallon detachable fuel tank.
- C.E.T. single stage centrifugal pump
- Pump body made from high resistance aluminum alloy
- Bronze impeller, Mechanical shaft seal
- Exhaust priming system, guaranteed up to 20' lift
- One 1.5" delivery outlet with 1/4-turn ball valve
- One 2.5" suction inlet
- Dimensions: Length: 22"; Width: 25"; Height: 23"
- Weight: 170 lbs

Flow:

- 250 GPM @ 50 PSI
- 160 GPM @ 100 PSI
- 100 GPM @ 150 PSI
- 25 GPM @ 200 PSI

INCLUDED ACCESSORIES:

- Swivel spotlight, 36 watt alternator, Pressure gauge, Low oil alert, 12-V battery

11 HP HONDA FLOATING PUMP

- This high volume Honda powered floating pump is the most efficient on the market. It gives you the highest volume in its range.
- Honda 11hp at 3600 RPM, air cooled engine, Single cylinder gasoline engine
- Manual recoil start, 2 quarts integrated fuel tank
- Direct drive C.E.T. single stage centrifugal pump
- Bronze impeller, Mechanical shaft seal, Self priming system
- One 2.5" outlet, One 3" suction inlet floater, Light weight heavy duty floater, Low oil alert
- Dimensions: Length: 32 1/4", Width: 30", Height: 22 1/8", Weight: 120 lbs.

PERFORMANCE
405 GPM @ 10 PSI, 310 GPM @ 25 PSI
190 GPM @ 50 PSI, 90 GPM @ 75 PSI

CAFS UNIT, 35 CFM

- The CET CAFS provides a self-contained, gasoline-powered, "slide-in" type compressed air foam system (CAFS) unit. The CAFS unit is designed to fit into the back of a standard length and width pick-up truck body. The CAFS is designed to discharge water only, air only or compressed air foam from the same discharge outlet. In addition, the consistency of the compressed air foam (expansion ratio), wet/dry is fully adjustable.
- Engine: The power to drive the system is provided by a Kohler, 2-cylinder, 4-cycle, air-cooled gas engine at a rating of 27HP @ 3600 RPM.
 - Water Pump: The water pump is a CET model 11 single-stage centrifugal pump with a vertically split aluminum case with replaceable bronze impeller and seal rings on a stainless steel shaft.
 - Air Compressor: The air compressor is of piston type, designed and installed to supply a minimum of 35 CFM at 100 PSI of air at maximum engine RPM.
 - Foam Proportioner: The foam proportioner is a Foampro model 1601 automatic, 12-volt, direct-injection system capable of maintaining a solution ratio of as low as 0.1% to at least 1% of class "A" foam.
 - Dimensions: Length : 34", Width : 44", Height : 26", Weight : 650 lbs.

Performance:
Water Pump : 180 GPM @ 90 PSI
Air Compressor : 35 CFM @ 100 PSI
Maximum CAFS Performance : 85 GPM & 35 CFM @ 100 PSI

35-CFM-CAFS:	\$21,500.00

SLIDE IN SKID UNITS

Call us to customize your slide in unit @ 1-877-699-3473.

Standard Options Include:

- 150 Gallon Poly Water Tank with Skid Platform
- 1.0" Tank Fill Valve, 2.5" Suction Valve, 2.5" Tank to Pump Valve
- 1.5" Discharge with Cap and Chain
- Pump Size: 6 HP, 9 HP, 11 HP or 20 HP Pumps
- Pump Style: Electric with Recoil Backup
- Hose Reel: Manual reel, holds 100' of 1.0" booster hose
- Includes 100' of 1.0" booster hose
- Water tank: 150 gallons, can be upgraded to 200, 250, or 300 gallons
- Water tank Dimensions: 8' L x 4' W, call to customize!
- 6 HP: 80 GPM @ 10 PSI, 50 GPM @ 100 PSI, 20 GPM @ 150 PSI
- 9 HP: 200 GPM @ 25 PSI, 115 GPM @ 50 PSI, 70 GPM @ 75 PSI, 35 GPM @ 100 PSI
- 11 HP: 225 GPM @ 25 PSI, 160 GPM @ 50 PSI, 115 GPM @ 75 PSI, 70 GPM @ 100 PSI
- 20 HP: 250 GPM @ 50 PSI, 160 GPM @ 100 PSI, 100 GPM @ 150 PSI, 25 GPM @ 200PSI

UTV MEDLITE AND MEDLITE DELUXE

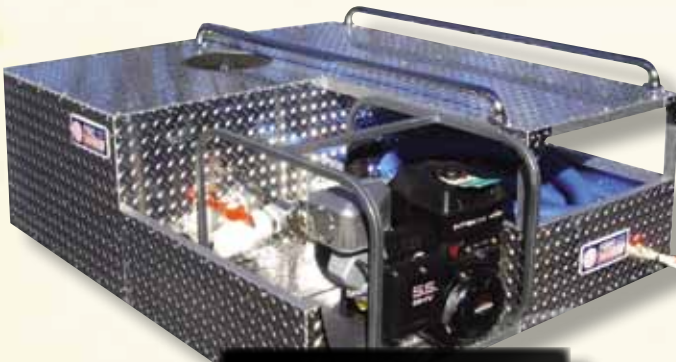

Designed by Firefighters and Emergency Medical Technicians for use by all public safety agencies. This design puts the patient and the medical care attendant front and center. It is built for rough terrain to be used in all weather situations. Made of aluminum, it is rugged, rust proof and affordable. This emergency rescue skid unit is designed to quickly turn any UTV utility vehicle into a "mini ambulance".

The MEDLITE™ Transport is designed to carry one patient, one EMS attendant and assorted emergency gear. The long board is easily attached to the unit using 10 Velcro D loop straps which are included. The attendants seat with seat belt glides on wheels the entire length of the unit and is able to be locked in three different locations along the guide rails to meet any emergency situation. It has 9 cubic feet of enclosed storage under the patient area for medical bags, trauma supplies and oxygen. The unit comes standard with a retractable IV pole. When it comes to off road rescues, safety and patient comfort are the key. Whether you are using it as a medical rescue or for a third passenger during search and rescues, the MEDLITE™ Transport slide in skid unit should meet all your needs.

The MEDLITE™ Transport Deluxe includes all standard items on MEDLITE™ Transport plus a slide-out tray in the storage area; 02 holder to hold a standard size "D" bottle with regulator; and 3rd Attendant Rail.

UTV FIRELITE SKID UNIT WITH 75 GALLON POLY TANK

- All aluminum construction with bright aluminum diamond plate
- Hose bed section for hard suction, forestry hose, nozzles etc.
- Pump features quick disconnect tie down system for fast removal
- Unit comes complete with the Pacer® Deluxe Fire Fighting System:
- Includes a centrifugal, gas driven pump powered by a 5.5 HP Briggs & Stratton OHV engine able to self prime to 25' with initial charge; 20' of 2" suction hose with strainer; 125' of 1-1/2" NPT discharge hose with 1-1/2" adjustable spray nozzle; pump comes with lightweight roll cage;
- 60 GPM @ 45 PSI to 200 GPM @ 5 PSI
- Integrated 75 gallon poly tank with quick disconnect from pump
- Schedule 40 pipes & valve (1 tank to pump valve included)
- Around the pump 1" line with shut off for water pack refill
- Water tank sight gauge
- 2- 48" x 1" grab rails at rescue area for mounting a stokes basket or long board
- 10- 24" long Velcro D Loop Straps Included
